Painting Balaton

Bataton Tihany

Painting in the woods

Private swimming pool

All well taken care of and organized, the only thing you may bring with you is **"guts"**. We also paint in nature, the forest or at the Balaton. This holiday is suitable for you because: you want to paint but you get stuck and want to be inspired. You have never done it before and would like to do and learn it. Having fun in creating, for yourself, in a group. Techniques are provided to you when you need it. Before we start, you can participate in a small meditation for relaxation and to "empty" the head. The attention lies on your breathing. During the painting, in between, we discuss the works. Surprised and inspired by the results, we continue.

Around half past one a delicious lunch will be served. After enjoying the goodies you have time for yourself. To do what you feel like, for example; just go on with what you were doing before or have a swim, relax on a sun bed by the pool...

From five o'clock the bar is open for a nice cold drink. In the mini-bar in your room you can always grab a cold drink. Around six o'clock we gather again for dinner, fresh, pure and delicious. As much as possible served on the outside terrace with the beautiful panoramic views. Cosy with the group, an outing for relaxation, culture and to get acquainted with the Hungarian country side.
