

# Hiking holiday Hungary

## *Walking with guide*

*You like an active holiday, adventure and good food.*

**In a hilly and varied nature reserve with a group.**

*Every day there is another wonderful trip to make with an English speaking guide.*

During an organized walking week you can make about 5 trips of between 15 and 25 km. In a varied landscape, an oasis of peace, you can also enjoy Lake Balaton. The walks are suitable for anyone with walking experience. If you can walk about 12 to 15km at home in 3 hours, the walking holiday is ideal for you. If you find it too far, you can always do half a trip (if possible). The route is mostly unpaved and there are various climbs and valleys. In humid weather, some paths can also be slippery, good shoes / socks and / or a walking stick is recommended. During the hiking weeks we planned, the weather is mostly sunny with a nice walking temperature (before / autumn on average 22 degrees).

**Transport:** easiest is to come by plane. We can organize the airline ticket at cost price. This is preferable since all participants arrive at the same time in Budapest. The driver picks up the group and drives to our location in Somogyacsa (transfer is then included in the ticket price). However, you can also book your own ticket or arrange your trip yourself (eg by car or public transport). Do you also want to explore Budapest for a few days? Also that is possible, ask for the possibilities.

**Meals:** at home are inclusive, pure, well cared for. During the "Hungarian evening", the pörkölt is traditionally prepared in a pot above a wood fire. A pleasant evening with music.

Day off: is halfway through the holiday and you can spend it to your own liking, in consultation we indicate the possibilities that are there to get to know this beautiful country better.

Are you enthusiastic too? Would you like to join this **unique** journey?

Follow this link to our [registration form](#) and more information.
